Lavetta,

The RCRA deferral memo is needed is needed to justify a Non-NPL Status change. I'm not certain why we would need it for a site name change.

Good morning Chrystal,

I will take care of this today. Since these sites were not listed in the FR, the name change should not be a problem. As for the second site, we can list Ansul as an alias, however I will need a copy of the memo taking the site back from RCRA. Also, this site does not have a SSID. Adding this site back into the SF inventory will require an update to the Site Status and Indicator within the Site Information tab.

Good Morning, LaVetta,

The Site Name change for the #1 below should be JCI/Tyco Fire Technology Center.

Also, this is a time sensitive site since it was initiated by a PA Petition and we are required to give a response by 3/18/2022. If this could be expedited, we would be very appreciative.

Thank you,

Hi LaVetta,

Nuria, Erica, and I are working on a PA Petition that was initially considered one site. It was entered into SEMS as:

EPA ID: WIN000521815
SSID: C5VZ
Site Name: JCI/TYCO MARINETTE PFAS PLUME
*Address: Intersection of Radar Rd and County Road B
*City/State/Zip: MARINETTE/Wisconsin/54143
*County: MARINETTE

Ex. 5 Deliberative Process (DP)

it has been decided that it should be considered as two different sites. For the first site, we are requesting a Site Name change and address change to:

EPA ID: WIN000521815
SSID: C5VZ
Site Name: Tyco Fire Technology Center
*Address: 2700 Industrial Parkway South
*City/State/Zip: MARINETTE/Wisconsin/54143
*County: MARINETTE

Please let us know if it is acceptable to make these changes.

1. For the second site, the address and EPA ID is already in SEMS as:

EPA ID: WID006125215
Site Name: ANSUL COMPANY DIVISION OF WORMALD US INC
*Address: 1 Stanton Street
*City/State/Zip: MARINETTE/Wisconsin/54143
*County: MARINETTE

This site was Deferred to RCRA and underwent final closeout. We are consulting with RCRA on taking the site back and revising the site name to Tyco Stanton Street Facility Site or possibly adding it as an AKA. Do you have any helpful suggestions or insight on how to handle this? We will also need an SSID for the second site, if it does not have one assigned already.

EPA ID: WID006125215

Site Name: Tyco Stanton Street Facility Site

*Address: 1 Stanton Street

*City/State/Zip: MARINETTE/Wisconsin/54143

*County: MARINETTE
